

## MINUTES OF THE LAND USE COMMITTEE MEETING 12-15-2010

The meeting was called for 7 pm in the Jane Lawton Center. Present were Dedun Ingram and Stephanie Brown (co-chairs), Craig Brooks, Tom Collins, Lees Hartman, Linna Barnes (Council liaison), Dave Walton (Town staff), and Vic Tervala (consultant).

No members of the public were present.

Minutes of the November 17<sup>rd</sup> meeting: lees moved to approve as sent. Seconded, passed without dissent.

The committee discussed the complete Handbook draft, circulated since the last meeting. The draft is a compilation of all of the chapters (except the Calculations chapter) that will be included in the handbook. Committee members had been asked to review the entire document and submit edits/corrections to Dedun for incorporation in the master draft.

Specific edits/corrections were not reviewed at the meeting. Rather, general comments/impressions were discussed. Overall, the committee was pleased with the draft. Craig opined that the introduction was too informal and that the writing style of the Handbook was somewhat inconsistent. Dave Walton noted some sections that he would like to see modified.

The committee agreed to send Dedun all comments, edits, corrections by the end of the week. She would incorporate these into the Master document and send to Dave Walton by Monday, December 20. A schedule for review/re-review was established with the goal of having a draft ready for inclusion in the January 7 Council packet.

The committee thanked Vic Tervala for all of his work on the Handbook.

Next meeting: Monday, January 10, 2011.

The meeting adjourned at 8:35 pm.
